

PUTTING OURSELVES TO THE TEST
Achieving Equity to End HIV

“THE CRISIS IN OUR OWN BACKYARD”

Residents of the 27601 and 27610 zip codes are 3-4 times more likely to have a positive HIV diagnosis than the national average.*

YOU ARE INVITED

*To a listening session and reception
for community leaders, stakeholders and the media.*

Hear from affected people, researchers and intervention experts on how to achieve the White House Plan to end the HIV/AIDS pandemic by 2030.
